

# DUO Squad: team103

Trace#1

# Problem

1

Build a Q-Agent and A-Agent for reasoning domains

2

Build intelligent agents that are fast, accurate, and format-safe under strict constraints.

# Solution

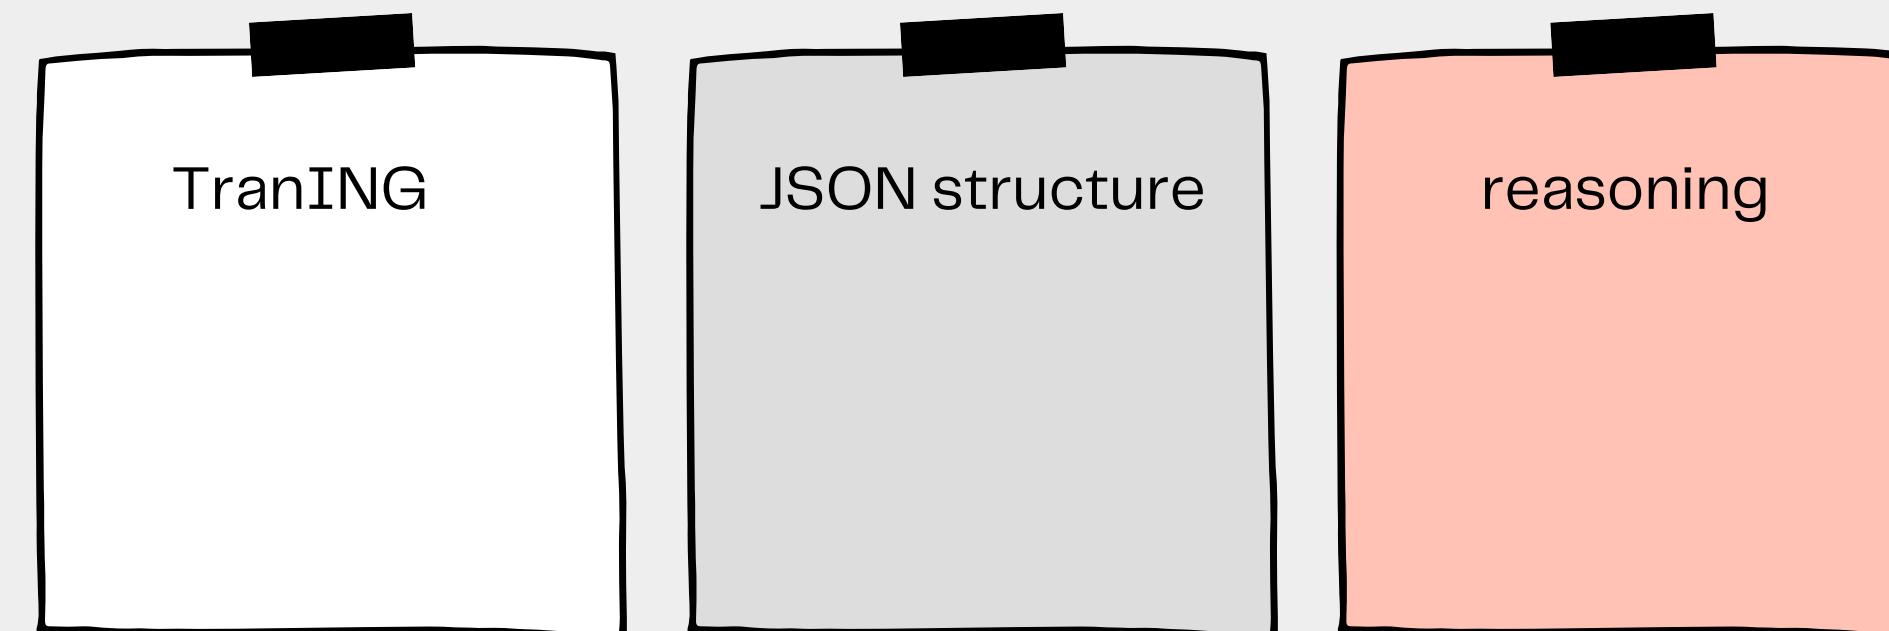

1

Designed a dual-agent competitive system

2

Optimized for format, speed, and scoring strategy

# Challenges

# Why We Are Special

- Constraint-first engineering
- Designed specifically for scoring logic
- High format stability and speed optimization

**Team**

**Q Saurav Singh**

**QSiddharth Chandran**

**Q Karan Parmar**
